Equity + Empowerment

With a commitment to every community it serves, Atrium Health seeks to improve health, elevate hope, and advance healing—for all.

The new 38,000 SF facility is a beautiful example of providing comprehensive care to address racial and economic disparity and isolation.

The thoughtful and therapeutic design supports care providers and connects females and families to

medical, social, educational, and vocational services. This continuum of care empowers and equips young girls and women with the resources they need to become self-sufficient.

Atrium Health is a nationally recognized leader in shaping health outcomes through innovative research, education and compassionate patient care. Headquartered in Charlotte, North Carolina, Atrium Health is an integrated, not-for-profit healthcare system with over 55,000 teammates

at nearly 40 hospitals and hundreds of care locations throughout the Carolinas and Georgia.

Florence Crittenton Services is a nonprofit organization that offers pregnant adolescent girls and women safe housing, and prenatal care through delivery of their baby, with a on-going care, focused on counseling, health care, and vocational and educational services. The agency was established in Charlotte in 1903.
